Pabhoi Greens

Sustainable farming approaches in Northeast India

Impact of organic farming on Pabhoi Greens

- Self subsistence model
- Knowledge hub in organic farming
- Organic farming cooperative
- Profitable through organic farming

Seed situation in India

- No sovereignty in agricultural and vegetable seeds
- Diminishing diversity in nutrition
- Gene edited seeds (Bt,CMS)
- Unavailability of organic seeds

Seed venture: Pabhoi Greens Private Ltd

- Trials of different heirloom varieties
- Production of seed packets
- India`s 1st organic seed company
- Trials with Sikkim government and Assam agricultural University
- Technical collaboration with Sativa

ORGANIC SEEDS TRUTHFULLY LABELLED

Heirloom Seeds from Certified Organ

CAPSICUM [HALODHIYA]

ORGANIC SEEDS TRUTHFULLY LABELLED

Heirloom Seeds from Certified Organic Farm

TOMATO [DISHANG]

Problems

- Tropical weather
- No competitors (learning)
- High credit rates for investments
- Poor infrastructure

- Infrastructure for seed post production
- Own production of potent varieties
- Production of brassicas
- Creating seed villages
- Sharing the knowledge

Thank you!
